PROFESSIONAL EXPERIENCE

Project Manager — DLA Digital Transformation / J6 Support Eagle Integrated Services · Ft. Belvoir, VA

Nov 2024 – Present

Strategic Integration Group support and business tooling for the DLA Office of the Director. Progressive assignments across J6 Cyber Resilience, J6 Digital Transformation (CPI), and SIG.

- Built the eSERF (Electronic Speaking Engagement Request Form) end-to-end in Power Apps Canvas on a SharePoint backend (intake, attachment handling, status workflow, confirmation), establishing the flagship intake pattern now used as the model for the Director's engagement portfolio.
- Designed six engagement lifecycle trackers (Key Leader Engagement, TDY-AOR, Speaking Engagement, SID Master, Industry Engagement, Director's Brief) on a shared, insert-safe formula engine with auto-compressing schedules and formula-driven federal holiday logic.
- Reconciled 183 Director engagement records across three authoritative systems into a single Battle Rhythm portfolio workbook (11 tabs, 15 categories, 117 active rows).
- Coordinated L-WIP Metrics: 15-day workload data collection, then delivered the metrics briefing deck, information paper, and analytics workbook with a fully reconciled data chain.
- Authored the DLA 508 accessibility rules master (45 rules across PowerPoint, Word, and Excel), conducted a WCAG contrast audit of the enterprise color palette, inventoried 23 templates, and built a VBA compliance checker with custom ribbon interface.
- Developed Defense Readiness Reporting System (DRRS) SharePoint list data collection with monthly mandatory record collection and automated Power Automate Flow notifications to individual J and MSC codes.

Project Manager

MicroHealth LLC · Federal programs supporting SBA and Department of State

- SBA Shuttered Venue Operators Grant (\$16B program): stood up a full applicant support operation—Zendesk platform and toll-free line live within a single day—then hired and trained a 16-person team across two shifts covering 8am–8pm to absorb the application surge.
- Worked directly alongside the Contracting Officer's Representative in Salesforce to resolve applicant submission, documentation, and multi-factor authentication failures during peak volume.
- Department of State records modernization: managed digitization of CONUS and OCONUS personnel medical records at a NARA partner facility.
- Delivered a \$1–2M post-COVID office construction and reconfiguration project.
